Her clientele are generally women going through major life transitions: divorce, losing a spouse, coming out of their full-time mom role to embark on new entrepreneurship. Yulin helps her clients rewrite their money stories and acquire essential financial knowledge and habits so they feel confident in making financial decisions. In addition to empowering women with finances, Yulin also provides Financial Literacy education for teens & young adults.

When she is not geeking out about investing, she enjoys reading, traveling, good food, and hanging out with family and friends. She has a dog named Percy, who is learning about budgeting with his treats, and a bilingual parrot named Francesca.
